The Show: Claremorris Agricultural Show, Then and Now	Claremorris Community Radio	It is evident that a team would have been involved in setting up the interviews. Great community engagement. A great sense of pride in what they were doing. I would have loved to see a list of all the people featured! So lovely to have it air on the date it should have been on, as a focus for the community. Sounds good too.	GOLD
Tomi Reichental: The Last Witness	Phoenix FM	To produce something of a sensitive nature through the eyes of Tomi Reichental who suffered the loss of his family in the holocaust. He felt it important to keep the memory of the suffering of his family by speaking to the community through his talks and in this case to young People at school. Content was excellent. Will make archive material.	GOLD
MnáPause	Athlone Community Radio	A vastly different programme with the voices of women from grassroots in the community to local experts in the areas of health, media, and the arts. We hear from women who share their own personal experience of the menopause as they bring this great taboo out into the open. Not afraid to present a programme of a sensitive nature.	GOLD
Chasing the Dragon	Community Radio Youghal	This is a wonderful story of how women who have survived breast cancer use sport to help them recover from the trauma and how it can benefit both mental and physical wellbeing. Very obvious the production team worked closely with the group to produce excellent content and community awareness of breast cancer	GOLD
Willie Born to Run	Raidió Corca Baiscinn	A well-produced documentary of one man's determination to run and win. Content was Good the music inserts a bit Loud. It was well researched and highlights what you could achieve once you put your mind to it.	SILVER
Yes We Can - Focus on Ability	Life FM	This project was already a success in its value to the participants. However, it went much further, engaging with a number of groups and events in the wider community. It also raised awareness of the importance of seeing and valuing ability, rather than disability, bringing the issue to a wide audience.	GOLD
World College Radio Day	Wired-FM	This was very smartly produced and presented. The passion and commitment of the presenters was very obvious. There was a real sense of 'giving' about this project. Giving exposure to local artists; giving airing to important topics. Finally, the link-ups with stations around the world was very exciting. Well done.	GOLD

Ar Leac Mo Dhorais	Raidió-na-life	Sraith álainn, simplí, taitneamhach de 6 phodchraoltaí atá díreach ceart don am aisteach seo. I lár phandéimic tá líon mór chraoltóirí ag déanamh cur síos ar iontaisí a náiteacha cónaithe féin agus ar na ceantair is cóngaraí timpeall orthu. Srianta do limistéir 2-5 Km, cruthaíonn an sraith podchraoltaí seo nach bhfuil teorainn le craoltóirí maithe, lena samhlaíocht ná lena gcruthaíocht. Roinneann siad seoda pearsanta le héisteoirí an stáisiúin agus d'ardódh sé misneach éinne a éisteodh leis. Tráthúil, taitneamhach, dea-dhéanta - is fiú go mór éisteacht leis an sraith seo.	GOLD
The Astronomy Show	Dublin City FM	A niche programme running since 2004 - It is certainly resilient for the length of time on air. A subject which is interesting in its own right. Not very much info in the application or in the audio. A nice listen though!	SILVER
Local Voices, Local History	West Limerick Community Radio	History of an area is always essential to the community for future generations. This series of programmes will keep the community glued to the radio every week. The presenters/producers of this programme have great knowledge of their local history.	GOLD
near-fm International Writers Network	Near FM	This programme is very professionally presented, and the support of the station team is evident. The programme has linkages with a number of groups. It would have been nice to hear more examples of these. Excellent initiative with migrant and women's groups.	SILVER
wired-fm Presents: PX Music live from the Record Room	Wired FM	Lightening in a bottle, capturing of a moment in recent Irish music history, and one that is tied to the station. The audio *is* a little distorted in places, but you can overlook that due to the sheer energy conveyed. All the more evocative of the noise and crush of live music venues now that we don't have them anymore. The live broadcast, presenting and interviews are a complex proposition for young broadcasters.	GOLD

Getting Creative During COVID - Cabinteely Youth Theatre & Crinniu na nOg	Dublin South FM	Considering all of the constraints brought on by Covid - this is really well recorded. The intro is well-recorded, written. Piece on European missionary in Japan is interesting - would like to hear the end.	GOLD

Beannachtai an lae	Claremorris Community Radio	Clár deas, réchúiseach é seo curtha I láthair ar bhealach séimh ag an láitheoir. D'fhéadfaí clár mar seo a chur ar aon chinéal stáisiún ach ní clár pobail é mar níl rannpháirtíocht de shaghas ar bith ó éisteoirí le fáil ann agus ní léir go bhfuil sin á lorg ag an láithreoir ná ón stáisiún. ní féidir pobal a chothú gan rannpháirtíocht.	BRONZE
Gaeilge Bhriste	West Limerick Community Radio	Tá láithreoir an chláir seo le moladh as clár deas taitneamhach a chur inár láthair. Clár a sníomhann Gaeilge agus Béarla le chéile agus a chuireann ceol, filíocht agus seanfhocail taobh le taobh. Tá an clár ar an aer le blian agus dua mór á chaitheamh ag an láithreoir leis is léir. Ach is deacair a rá go bhfuil aon idirbheartaocht ar siúl idir an láithreoir agus pobal na Gaeilge nó foghlaimeoirí nó éisteoirí de chinéal ar bith mar níl aon duine acu páirteach ann ar aon bhealach agus níl rannpháirtíocht uathu á lorg aici ná ag an stáisiún. Níl ach duine amhain ag obair ar an gclár seachas foireann agus ní thógann nó forbaíonn an clár seo pobal ar aon bhealach.	BRONZE
The Wandering Minstrel	Community Radio Castlebar	Clár deas, taitneamhach ceoil é seo agus láithreoir le moladh dá bharr. Labhrann an láithreoir Gaeilge agus Béarla agus éiríonn leis an seift sin chun traiceanna a chur inár láthair. Is clár ceoil é a d'fhéadfaí a chraoladh ar stáisiún ar bith ach ní léir gur clár de chuid raidió pobail é. Níl aon leid le fáil ón gclár ná ón bhfoirm iontála go bhfuil iarracht á dhéanamh chun pobal na Gaeilge nó foghlaimeoirí nó éisteoir ar bith a thabhairt isteach mar aoí, gan trácht ar iad a bheith rannpháirteach sa chlár. Níl aon fhoireann i gceist agus níl aon chruthúnas le fáil go dtógann sé pobal nó codanna den phobal ar aon bhealach.	BRONZE

Dundalk FM 2020 Response Team	Dundalk FM	Really liked the comprehensive information pages. Liked that there was a strand of programming designed in response. Would have liked another couple of clips. Very well put together. Recognises volunteers and staff in for their resilience and innovation in keeping the station on air during the pandemic lock down	SILVER
National community radio day 2020	Phoenix-fm	This project had everything that a good Community broadcast should have. Staging NCR Day proved a very different challenge this year of Covid 19. The team had been out of the studio for months before the big day, with most broadcasting done remotely. That did not affect the planning and preparation that went into the event, including contacts with every station in Ireland, CRAOL, BAI, Pobal and many more. A home run for the team at Phoenix Fm.	GOLD
Technical Coordinator	Community Radio Kilkenny City	Mick Cummins - The testimonials say it all - it's people like this that keep Community Radio going. Ensuring that many vital local services could continue, and shows too. Station staff and volunteers seem so grateful for and reassured by his help.	GOLD
<b>Category - Awards Social Benefit</b>			
<b>Entry Name</b>	<b>Station name</b>	<b>Comments</b>	<b>Awarded</b>
Coping with Covid	Community Radio Youghal	This is a true Social benefit programme. Reaching out to people young and old with disabilities and those caring for them. Good quick reaction to the pandemic. In studio audio really good - phone line not great. Would love to have seen a list of all the people featured. Must have made a huge impact to people. The programme shows a great belief in what they are doing	GOLD
Disability Forum	LifeFM	The Presenter of this programme knows what she is about and that is obvious. Through this disability programme she imparts information and discusses the practical issues and challenges facing people with disabilities. Great research and great community programme.	GOLD

Voyage Around My Brain and Reminiscence on the Radio	Near FM	Older people love to recall the past and this programme encourages people with dementia to reminiscence bringing up happy memories and good feelings. Listening to the clip the presenter helps to bring out the best in her interviewee and they both are enjoying chatting. Supporting people with dementia is important and this programme bears that out. Well done.	GOLD
The Beating Heart of Kinvara with John Conneely	Kinvara Community Radio	The presenter sets out to bring the best out of his interviewee as she tells her story and her involvement in the community for over 40 years. And that is exactly what he does. This programme is community at its best preserving memories, highlighting achievements of local unsung heroes who give a lifetime of voluntary service to their communities. Very interesting and light-hearted at times	GOLD
For now is all the time there may be	Erris FM	Excellent quality programme, covering a topic that is of huge appeal to Erris listeners. Passionately presented. The whole two hours must be a treat.	SILVER
Wireless on Flirt FM	Flirt FM	Highly innovative programme. Great linkages with other countries at a time when the pandemic was just unfolding here. Commitment of the presenter and quality of the programme are equally strong.	GOLD
Good For You	Dublin City FM	This programme team must be doing something right. It's been going for 11 years! Providing social benefit by engaging with relevant agencies and individuals, this programme is presented to a very high standard.	GOLD
One Day at a Time	Athlone Community Radio	Phenomenal stuff - so well recorded, you really feel like you've been brought right into these families' lives. Really well edited, scripted and it's telling that more parents have been interested in telling their stories too. Anyone listening can't help but feel empathy and gain understanding of these families' lives.	GOLD
Hot Hits	Liffey Sound FM	Enjoyable show. Not sure this can score very highly in this category, but that's not to say it's not a good show, and Kelly does a great job - this is reflected in the music community's response to the Liffey fundraiser.	BRONZE
The Big Jump	Community Radio Kilkenny City	Easy to listen to, and positive without being preachy. Practical and timely too. Sounds really well, considering it was done remotely. Production standards high. Good to hear samples of more than one or two of the guests.	GOLD

The Joe Dalton Show	Dublin South FM	Clip seemed like a promo, as opposed to a broadcast sample. Would have loved to have heard some more voices from community members - guests were well spoken and professional. I also would have liked more information on who his guests were - the short clips were interesting, but I would have loved to hear more.	SILVER
Bothán na bhFear	Raidió-na-life	Ard mharcanna tuillte ag an gclár I ngach catagóir. Clár cróga, neamhghnách ó thaobh rannpháirtíocht agus cur chuige de. Foireann bhreá mhór ag obair air agus is léir go bhfuil a gcróithe istigh acu sa chlár. Creideann siad sa chlár agus in aidhmeanna an chlár. Tugann an clár seo ardán d'fhir a mothúcháin agus a dtaithí saoil a phlé agus a roinnt lena bpobail féin. Is sampla é den raidió phobail ag feidhmiú mar ghlór phobail, mar thacaíocht agus mar chúnamh do bhaill an phobail agus tá foireann á thógáil acu fad an ama mar aon le pobal. Maith sibh!	GOLD

Mr McGuffin's Plot Device and Writer Unblocking Emporium (Radio Play)	Scariff Bay Community Radio	Radio plays are difficult sometimes to stage and are not for the faint hearted. This station along with a local drama group saw a niche to help keep community spirits up. Brilliant that it helped to fill a gap in the community and collaborated with another station. And that it's kicked off a Radio Drama festival, Sound effects brilliant. Love how meta it is.	GOLD
Jonathan White - Technical Support to Liffey Sound volunteers during pandemic	Liffey Sound FM	Well produced segments. Huge numbers of volunteers empowered to record at home, and great work stepping in on Lucan live. Would like to have had some more info/details in the application about all the background technical help, training and innovation and production. Good to hear the last presenter's shout out to Jon at the end of his show.	GOLD
